

# PETITION TO THE MINISTER OF FINANCE

## WHEREAS:

1. The lack of leadership from the Liberal government continues to suppress the long-term prosperity of Canadians.
2. Income trusts provide some relief to seniors and workers saving for retirement from a government addicted to taking too much money from Canadians' pockets and spending it without care.
3. The Finance Minister created uncertainty as to the future of income trusts and that has caused seniors and Canadians saving for retirement to lose thousands of dollars from their personal savings.

We call upon the Minister of Finance to stop attacking seniors and ordinary Canadians saving for retirement by immediately announcing that income trusts are here to stay.
