Dear Mr. Gerstein:

I am pleased to provide you with the election expenses limits calculated on the basis of the preliminary lists of electors applicable to candidates involved in the January 23, 2006 general election, which you will find in the attached Appendix. These limits have been forwarded to returning officers and registered electoral district associations so that they can inform all potential candidates in their electoral district.

Further, pursuant to subsection 422(1) of the *Canada Elections Act*, the maximum amount that is allowed for election expenses of a registered political party for an election is the product of $.70 multiplied by the number of names on the preliminary lists of electors or the revised lists of electors, whichever is greater, for electoral districts in which the registered political party has endorsed a candidate. This amount is then multiplied by the inflation adjustment factor of 1.147, in effect until March 31, 2006. The amounts shown in the Appendix are based on the preliminary lists of electors and have been calculated for all electoral districts.

On January 16, 2006, the seventh day before polling day, you will be receiving revised amounts, based on the revised lists of electors for those electoral districts in which the registered party has endorsed a candidate.

Information on election expenses limits is also available on the Elections Canada Web site (www.elections.ca).

If you require additional information on this matter or if you have any question regarding the attached, please do not hesitate to contact Janice Vézina, Senior Director, Electoral Financing, Audit and Reporting or Michel Thibaudeau, Director, Political Financing and Audit at (613) 990-8991 or at 1 800 267-7360.

Yours truly,

Madame/Monsieur,

J'ai le plaisir de vous faire parvenir ci-joint en annexe, les plafonds des dépenses électorales pour les candidats à l'élection générale du 23 janvier 2006, calculés sur la base des listes électorales préliminaires. Le plafond des dépenses pour chacune des circonscriptions a été communiqué au directeur du scrutin et les associations de circonscription enregistrées afin qu'ils en informent tous les candidats potentiels de la circonscription.

Selon le paragraphe 422(1) de la *Loi électorale du Canada*, le plafond des dépenses électorales d'un parti enregistré pour une élection est le produit des deux facteurs suivants : d'abord, 0,70 $ par électeur figurant sur les listes électorales préliminaires ou sur les listes électorales révisées, selon le nombre d'électeurs le plus élevé, dans les circonscriptions où il y a un candidat soutenu par le parti; ensuite, un facteur d'ajustement à l'inflation de 1,147 en vigueur jusqu'au 31 mars 2006. Les montants indiqués à l'annexe ont été calculés sur la base de la liste électorale préliminaire de chacune des circonscriptions.

Le 16 janvier 2006, septième jour avant le jour du scrutin, vous recevrez les montants révisés, calculés sur la base du nombre d'électeurs inscrits sur les listes électorales révisées des circonscriptions où vous soutenez un candidat.

L'information sur les plafonds des dépenses électorales est aussi disponible sur le site Web d'Élections Canada (www.elections.ca).

Si vous désirez de plus amples renseignements sur ce qui précède ou sur le document ci-joint, veuillez communiquer avec Janice Vézina, Directrice principale, Financement électoral, Vérification et Rapports de gestion ou Michel Thibaudeau, Directeur, Financement politique et Vérification au (613) 990-8991 ou au 1 800 267-7360.

Veuillez agréer, Madame/Monsieur, l'expression de mes sentiments les meilleurs.

Subject: Final election expenses limit for candidates

1. You will find attached the final election expenses limit for candidates for the electoral district specified in the attached notice. This is based on the number of names appearing on the preliminary or revised lists of electors for the electoral district, whichever yields the higher expense limit.

2. Section 441 of the *Canada Elections Act* establishes the basic limits for the amount of election expenses that may be incurred by candidates at an election. In addition, for the purpose of calculating the limit in electoral districts where there are fewer electors than the national average, the Act provides for an adjustment to the number of names on the lists, by adding one half the difference between the actual number of names on the lists of electors for that district, and the national average. The limits are further adjusted for those electoral districts where the number of electors per square kilometre is less than 10. This total is adjusted for inflation using the factor that was published in the *Canada Gazette* on March 26, 2005, by the Chief Electoral Officer. The factor that applies for this election is 1.147. Based on the above formula, we have calculated the maximum amount that may be spent.

3. Election expenses limits are also available on the Elections Canada Web site (www.elections.ca).

Object : Plafond final des dépenses électorales des candidats

1. Vous trouverez en annexe le plafond final des dépenses électorales des candidats pour la circonscription mentionnée dans l'avis ci-joint. Ce plafond se fonde sur le nombre d'électeurs inscrits sur les listes électorales établies pour la circonscription, soit les listes préliminaires, soit les listes révisées, selon le calcul qui générera le montant le plus élevé.

2. L'article 441 de la *Loi électorale du Canada* établit les plafonds de base du montant des dépenses électorales que chaque candidat peut engager à une élection. De plus, pour le calcul du plafond dans les circonscriptions où le nombre d'électeurs est inférieur à la moyenne nationale, la Loi prévoit un rajustement du nombre de noms inscrits sur les listes, calculé en ajoutant la moitié de la différence entre le nombre réel de noms figurant sur les listes de la circonscription et la moyenne nationale. De plus, les plafonds sont rajustés pour les circonscriptions lorsque le nombre d'électeurs est inférieur à 10 par kilomètre carré. Le total est indexé selon le facteur publié dans la *Gazette du Canada* le 26 mars 2005 par le directeur général des élections. Le facteur en vigueur pour l'élection en cours est de 1,147. Le montant maximal qui peut être dépensé a été calculé selon cette formule.

3. Les plafonds des dépenses électorales sont aussi disponibles sur le site Web d'Élections Canada (www.elections.ca).

4. Electronic Financial Return (EFR)

Once again, we would like to bring to your attention the existence of the EFR software program. You have recently received a CD-ROM with the most recent version of EFR (2.5L), along with the quick reference guide and the *Update to the Kit for candidates in a federal election.* The software permits an efficient and simplified way to record and report the financial information required to produce the candidate's return. We strongly recommend that you use it. Please note that the EFR software is also available on our Web site.

5. Candidate's Electoral Campaign Return – Specimen (EC 20120-A)

We would like to remind you that you can also access the *Candidate's Electoral Campaign Return: Specimen* (EC 20120-A) on our Web site. This specimen includes examples of 60 transactions, and how to record them in the *Candidate's Electoral Campaign Return* (EC 20120). There are 10 categories of transactions covered, with specific examples in each category. To locate this document, go to "FORMS" and then click on "Optional Forms".

6. If you require additional information on this matter or if you have questions regarding the attached, please do not hesitate to contact the Election Financing Support Network at 1 800 486-6563.

4. Rapport financier électronique (RFE)

Nous voulons encore une fois porter à votre attention l'existence du logiciel RFE. Vous avez récemment reçu un CD-ROM qui contient la version la plus récente de RFE (2.5L), accompagné du guide de référence et de la *Mise à jour de la Trousse du candidat à une élection fédérale.* Le logiciel permet de consigner et de transmettre, d'une façon simple et efficace, l'information financière du rapport du candidat. Nous vous suggérons fortement de l'utiliser. Veuillez noter que le logiciel RFE est aussi disponible sur notre site Web.

5. Rapport de campagne électorale du candidat – Modèle de rapport (EC 20120-A)

Nous aimerions vous rappeler que vous avez aussi accès au *Rapport de campagne électorale du candidat : Modèle de rapport (*EC 20120-A) sur notre site Web. Ce modèle de rapport présente des exemples de 60 opérations et vous montre comment les enregistrer dans le *Rapport de campagne électorale du candidat* (EC 20120). Il traite de 10 catégories d'opérations, en fournissant des exemples concrets pour chaque catégorie. Pour retrouver ce document, cliquez sur « FORMULAIRES » puis sur « Formulaires optionnels ».

THIS IS APPENDIX 4 TO

THE AFFIDAVIT OF RONALD LAMOTHE,

SWORN BEFORE ME THIS 9TH DAY

OF APRIL, 2008

Beverley J. Wilson
COMMISSIONER FOR
TAKING OATHS IN THE
PROVINCE OF ONTARIO.

Memorandum No. 2005-308-67

Our file: 1000-1

November 29, 2005

To: All Returning Officers
c.c.: All Field Liaison Officers

Subject: Issue of the writs

1. Once again, it is time for Canadians to head to the polls. Running a general federal election is never an easy task, no matter the season. A winter election bordering on the holidays will bring about its own unique challenges. Thousands of election officials will be working non-stop until election day, without taking time off during the holiday period like most Canadians. Regardless of the management challenges involved, Elections Canada is ready to conduct an efficient and trouble-free event.

2. The writ of election dated this day, ordering the 39th general election will be sent shortly by Priority Post.

3. The **close of nominations** is set at 2 p.m. on **Monday, January 2, 2006**.

4. **Election day**, set by the Governor in Council, will be held on **Monday, January 23, 2006**.

5. You must publish the ***Notice of Election*** in accordance with section 62 of the *Canada Elections Act* as soon as possible, but no later than **Friday, December 2, 2005**. You will receive the *Notice of Election* within the next few hours.

Note de service n° 2005-308-67

N/Réf. : 1000-1

Le 29 novembre 2005

À : Tous les directeurs du scrutin
c.c. : Tous les agents de liaison en région

Objet : Délivrance des brefs

1. L'heure du vote est arrivée pour les Canadiens et les Canadiennes. Une élection générale fédérale n'est jamais une opération facile, quelle que soit la saison. Mais il est évident que la tenue d'un scrutin en hiver, aux alentours des Fêtes en plus, peut poser des défis particuliers. Des milliers de fonctionnaires électoraux devront travailler sans relâche jusqu'au jour d'élection, sans pouvoir profiter des congés des Fêtes accordés à la plupart de leurs concitoyens. Enfin, malgré les défis spéciaux de gestion, Élections Canada est prêt et tout est en place pour que ce scrutin se déroule efficacement et sans heurts.

2. Le bref d'élection daté d'aujourd'hui, ordonnant la 39e élection générale sera expédié sous peu par poste prioritaire.

3. La **clôture des candidatures** est fixée à 14h **le lundi 2 janvier 2006**.

4. Le **jour d'élection**, fixé par le gouverneur en conseil, sera tenu le **lundi 23 janvier 2006**.

5. Vous devez publier l'***Avis de convocation*** selon l'article 62 de la *Loi électorale du Canada* aussitôt que possible, mais au plus tard **le vendredi 2 décembre 2005**. Vous recevrez l'*Avis de convocation* dans les prochaines heures.

6. You must set the date of the **Validation of the results** immediately and indicate it on the *Notice of Election*. Such a date must correspond with the date at which you expect all ballot boxes to be returned to your office (**as early as Tuesday, January 24, 2006** if possible).

6. Vous devez fixer immédiatement la date de la **validation des résultats** et la mentionner dans l'*Avis de convocation*. Cette date doit correspondre à la date à laquelle vous prévoyez le retour de toutes les urnes à votre bureau (**dès le mardi 24 janvier 2006** si possible).

7. Immediately advise the two persons entitled to recommend individuals for revising agent positions that their lists of potential revising agents must be received no later than **Friday, December 2, 2005**. For more information on this matter, please refer to Memorandum 2005-308-66 sent on Monday, November 28, 2005.

7. Avisez immédiatement les deux personnes qui ont le droit de recommander des individus pour les postes d'agents réviseurs que leurs listes d'agents réviseurs éventuels doivent vous être remises au plus tard **le vendredi 2 décembre 2005**. Pour plus d'information sur ce sujet, veuillez consulter la Note de service 2005-308-66, envoyée le lundi 28 novembre 2005.

8. The period for the revision of the lists will be determined and communicated to you shortly.

8. La période de révision des listes sera déterminée et vous sera communiquée prochainement.

9. Should the leasing arrangements for your office(s) (including additional offices if applicable) not be finalized, please contact my Office for approval. Open your office(s) as soon as possible. Confirm your address(es) to the Electoral Coordination Help Desk at 1 888 677-0301 (1-1) and telephone numbers to the Telephone Services Help Desk at 1 888 677-0301 (1-6) as soon as they are identified.

9. Si le(s) bail(baux) pour vos bureaux (incluant les bureaux additionnels, le cas échéant) ne sont pas finalisés, veuillez communiquer avec mon bureau pour fins d'approbation. Ouvrez votre(vos) bureau(x) dès que possible. Confirmez votre(vos) adresse(s) au Bureau d'aide de la Coordination électorale au 1 888 677-0301 (2-1) et vos numéros de téléphone au bureau d'aide des Services téléphoniques au 1 888 677-0301 (2-6) dès qu'ils seront connus.

10. Proceed thereafter with your other duties.

10. Passez ensuite à vos autres tâches.

11. I am pleased to say that the *Federal Elections Fees Tariff* will be adjusted to reflect an increase of 1.9% on the basis of the inflation rate since the previous revision. All positions that are based on a fixed amount (RO, ARO, AARO, AC and AAC) will merit special consideration in the days to come in order to take into account an electoral calendar that will extend beyond the usual 36 days. More detailed information will follow shortly.

11. Il me fait plaisir de vous annoncer que le *Tarif des honoraires — élections fédérales* sera ajusté à la hausse, soit une augmentation de 1,9%, pour tenir compte du taux d'inflation depuis la dernière révision de celui-ci. Tous les postes qui reposent sur un montant fixe (DS, DAS, DASS, CI et CIA) feront l'objet d'une attention particulière dans les jours à venir afin de tenir compte du calendrier électoral qui va au-delà du calendrier habituel de 36 jours. De plus amples directives suivront sous peu.

12. Your office must remain open to the public on Christmas Day and on New Year's Day to permit electors to vote by special ballot. During those two days, you must identify the members of your staff who will be on duty to ensure service to the elector. My Office is currently reviewing the hours of service to determine the best strategy in this regard. More detailed information will follow shortly.

12. Votre bureau devra être en mesure de servir le public le jour de Noël et le jour de l'An afin de permettre aux électeurs de voter par bulletin spécial. Pendant ces deux jours, il vous incombe d'identifier quels membres de votre personnel devront être en devoir afin d'assurer le service à l'électeur. Mon bureau étudie présentement les heures de service afin de déterminer la meilleure stratégie à cet égard. De plus amples informations suivront sous peu.

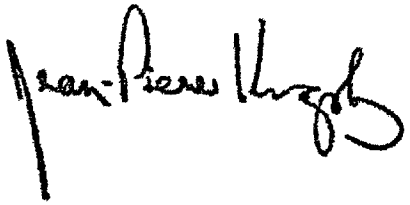

13. Please acknowledge receipt of this memorandum **immediately** by e-mail or by fax by identifying the subject as follows: ED No. - Receipt of writ of election (e.g. 35001 - Receipt of writ of election). Forward the e-mail to the Electoral Coordination Help Desk at EC_CE_2005 or by fax at 1 800 267-8549 or (613) 954-2874.

13. Veuillez accuser réception de cette note de service **immédiatement** par courriel ou par télécopieur en indiquant le sujet comme suit : N° de votre circonscription - Réception de la Délivrance du bref (par ex. 24001- Réception de la délivrance du bref). Adressez l'accusé de réception au Bureau d'aide de la Coordination électorale à EC_CE_2005 ou par télécopieur au 1 800 267-8549 ou (613) 954-2874.

14. On behalf of Elections Canada, I wish to offer my best wishes for a successful event.

14. Au nom d'Élections Canada, je vous transmets mes meilleurs vœux de succès pour le scrutin en cours.

Le directeur général des élections,

Jean-Pierre Kingsley
Chief Electoral Officer

Madame,

La présente fait suite à la présentation du *Rapport de campagne électorale du candidat* (EC 20120), ainsi que des documents connexes, de Sylvie Boucher, candidate dans la circonscription de Beauport-Limoilou lors de l'élection générale fédérale du 23 janvier 2006. Elle porte plus précisément sur la facture soumise aux organisateurs de la campagne par le Fonds conservateur du Canada, datée du 3 janvier 2006 et établie au montant de 37 454,69 $, avec l'explication suivante : « Candidate share of media buy costs and Candidate share of advertising production ».

Conformément au paragraphe 451(2.2) de la *Loi électorale du Canada*, si le directeur général des élections estime que les documents produits sont insuffisants, il peut ordonner à l'agent officiel de produire, à une date donnée, les documents supplémentaires nécessaires.

C'est pourquoi je vous demande de soumettre les documents suivants au plus tard le **15 janvier 2007** à minuit :

Je tiens à vous informer qu'en vertu des alinéas 497(1)*u*.1) et 497(3)*r*.1) de la Loi, l'agent officiel qui omet de se conformer à un ordre du directeur général des élections donné sous le régime du paragraphe 451(2.2) commet une infraction.

J'attire également votre attention sur le paragraphe 463(2) de la *Loi électorale du Canada*, qui énonce que le candidat élu qui omet de produire un document conformément à l'article 451 de la Loi ne peut continuer à siéger et à voter à titre de député à la Chambre des communes jusqu'à ce qu'il ait remédié à son omission.

De plus, le dernier versement du remboursement des dépenses électorales ne pourra être effectué conformément à l'article 465 de la Loi tant que les documents demandés n'auront pas été soumis.

Madame,

La présente fait suite à la présentation du *Rapport de campagne électorale du candidat* (EC 20120), ainsi que des documents connexes, de Jean Landry, candidat dans la circonscription de Richmond--Arthabaska lors de l'élection générale fédérale du 23 janvier 2006. Elle porte plus précisément sur la facture soumise aux organisateurs de la campagne par le Fonds conservateur du Canada, datée du 3 janvier 2006 et établie au montant de 26 039,15 $, avec l'explication suivante : « Candidate share of media buy costs and Candidate share of advertising production ».

Conformément au paragraphe 451(2.2) de la *Loi électorale du Canada*, si le directeur général des élections estime que les documents produits sont insuffisants, il peut ordonner à l'agent officiel de produire, à une date donnée, les documents supplémentaires nécessaires.

C'est pourquoi je vous demande de soumettre les documents suivants au plus tard le **15 janvier 2007** à minuit :

- une copie du contrat ou d'autres accords écrits conclus avec l'annonceur ainsi qu'avec le parti enregistré concernant la dépense précitée;
- une copie de l'annonce elle-même ou de son contenu, si elle a été faite à la télévision ou à la radio, avec indication que l'agent officiel l'a autorisée;
- le document précisant la ou les dates de présentation de l'annonce destinée à promouvoir le candidat;
- le document précisant la date à laquelle, en votre qualité d'agent officiel, vous avez autorisé l'engagement de cette dépense.

Je tiens à vous informer qu'en vertu des alinéas 497(1)*u*.1) et 497(3)*r*.1) de la Loi, l'agent officiel qui omet de se conformer à un ordre du directeur général des élections donné sous le régime du paragraphe 451(2.2) commet une infraction.

De plus, le dernier versement du remboursement des dépenses électorales ne pourra être effectué conformément à l'article 465 de la Loi tant que les documents demandés n'auront pas été soumis.

Pour de plus amples renseignements, n'hésitez pas à communiquer avec Suzanne Evans ou Manon Hamel au 1-800-267-7360, ou par télécopieur au 1-888-523-9333.

Je vous prie d'agréer, Madame, l'expression de mes sentiments les meilleurs.

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ. .

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of a letter from Retail Media regarding the relationship between Retail Media and the Conservative Party of Canada.
- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Dear Ms. Hamel

Re: Relationship between RMI and the Conservative Party of Canada

This is to confirm that Retail Media is the supplier/agency of record for the media buys made by the Conservative Party of Canada and the official agents for participating Conservative candidates in the 39th Federal Election that took place in November 2005 to January 2006, and that we mutually entered into an agreement to provide media buys. I also confirm that the media buy was broken down into 4 segments as follows:

- Media Buy – Rest of Canada (excluding Quebec) – Registered Party
- Media Buy – Participating Candidates
- Media Buy – Quebec – Registered Party
- Media Buy – Quebec – Participating Candidates

I further confirm that:

- Advertising buys for the national party were segregated from advertising buys for participating candidates. Retail Media was advised of which Conservative Candidates were interested in participating in additional regional media buys.
- Appropriate regional markets were identified for all participating candidates and specific media buys purchased in those markets.
- Appropriate tag lines were used in all advertisements identifying on whose behalf the advertisement was authorized.
- Appropriate invoices reflecting goods and services rendered were separately issued to participating Conservative Candidates and to the registered party based on the 4 segments identified.

Yours sincerely

Andrew Kumpf

Dear Ms. Hamel,

Please find enclosed a package of information to support the invoice submitted to the campaign of Stephen Halicki by the Conservative Fund Canada with the following description "2005-2006 Candidate share of media amount" as per the Elections Canada letter of January 12, 2007.

The information that is enclosed to support the candidate's media buy includes:

- A copy of a letter from Retail Media regarding the relationship between Retail Media and the Conservative Party of Canada.
- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Party, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Please note that the Candidate and I fully approved our participation in this media buy at the time the advertising was carried out.

Yours truly,

Official Agent

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

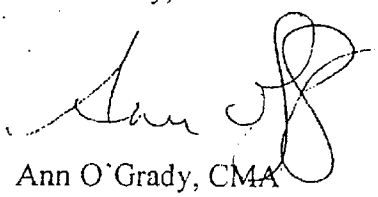

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of a letter from Retail Media regarding the relationship between Retail Media and the Conservative Party of Canada.
- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Ann O'Grady, CMA

January 15, 2007

Dear Ms. Hamel

Re: Relationship between RMI and the Conservative Party of Canada

This is to confirm that Retail Media is the supplier/agency of record for the media buys made by the Conservative Party of Canada and the official agents for participating Conservative candidates in the 39th Federal Election that took place in November 2005 to January 2006, and that we mutually entered into an agreement to provide media buys. I also confirm that the media buy was broken down into 4 segments as follows:

- Media Buy – Rest of Canada (excluding Quebec) – Registered Party
- Media Buy – Participating Candidates
- Media Buy – Quebec – Registered Party
- Media Buy – Quebec – Participating Candidates

I further confirm that:

- Advertising buys for the national party were segregated from advertising buys for participating candidates. Retail Media was advised of which Conservative Candidates were interested in participating in additional regional media buys.
- Appropriate regional markets were identified for all participating candidates and specific media buys purchased in those markets.
- Appropriate tag lines were used in all advertisements identifying on whose behalf the advertisement was authorized.
- Appropriate invoices reflecting goods and services rendered were separately issued to participating Conservative Candidates and to the registered party based on the 4 segments identified.

Yours sincerely

Andrew Kumpf

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Monsieur,

La présente fait suite à la présentation du *Rapport de campagne électorale du candidat* (EC 20120), ainsi que des documents connexes, de Allen F. Mackenzie, candidat dans la circonscription de Notre-Dame-de-Grâce--Lachine lors de l'élection générale fédérale du 23 janvier 2006. Elle porte plus précisément sur la facture soumise aux organisateurs de la campagne par le Fonds conservateur du Canada, datée du 3 janvier 2006 et établie au montant de 19 787,68 $, avec l'explication suivante : « Candidate share of media buy costs and Candidate share of advertising production ».

Conformément au paragraphe 451(2.2) de la *Loi électorale du Canada*, si le directeur général des élections estime que les documents produits sont insuffisants, il peut ordonner à l'agent officiel de produire, à une date donnée, les documents supplémentaires nécessaires.

C'est pourquoi je vous demande de soumettre les documents suivants au plus tard le **15 janvier 2007** à minuit :

- une copie du contrat ou d'autres accords écrits conclus avec l'annonceur ainsi qu'avec le parti enregistré concernant la dépense précitée;

- le document précisant la date à laquelle, en votre qualité d'agent officiel, vous avez autorisé l'engagement de cette dépense.

Je tiens à vous informer qu'en vertu des alinéas 497(1)*a.1*) et 497(3)*c.1*) de la Loi, l'agent officiel qui omet de se conformer à un ordre du directeur général des élections donné sous le régime du paragraphe 451(2.2) commet une infraction.

De plus, le dernier versement du remboursement des dépenses électorales ne pourra être effectué conformément à l'article 465 de la Loi tant que les documents demandés n'auront pas été soumis.

Pour de plus amples renseignements, n'hésitez pas à communiquer avec Suzanne Evans ou Manon Hamel au 1-800-267-7360, ou par télécopieur au 1-888-523-9333.

Je vous prie d'agréer, Monsieur, l'expression de mes sentiments les meilleurs.

Dear Ms. Hamel,

Please find enclosed a package of information to support the invoice submitted to the campaign of Sylvie Boucher by the Conservative Fund Canada with the following description "2005-2006 Candidate share of media amount" as per the Elections Canada letter of November 29, 2006.

The information that is enclosed to support the candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Party, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Please note that the Candidate and I fully approved our participation in this media buy at the time the advertising was carried out.

Yours truly,

Madame,

La présente fait suite à la présentation du *Rapport de campagne électorale du candidat* (EC 20120), ainsi que des documents connexes, de Sylvie Boucher, candidate dans la circonscription de Beauport-Limoilou lors de l'élection générale fédérale du 23 janvier 2006. Elle porte plus précisément sur la facture soumise aux organisateurs de la campagne par le Fonds conservateur du Canada, datée du 3 janvier 2006 et établie au montant de 37 454,69 $, avec l'explication suivante : « Candidate share of media buy costs and Candidate share of advertising production ».

Conformément au paragraphe 451(2.2) de la *Loi électorale du Canada*, si le directeur général des élections estime que les documents produits sont insuffisants, il peut ordonner à l'agent officiel de produire, à une date donnée, les documents supplémentaires nécessaires.

C'est pourquoi je vous demande de soumettre les documents suivants au plus tard le **15 janvier 2007** à minuit :

- une copie du contrat ou d'autres accords écrits conclus avec l'annonceur ainsi qu'avec le parti enregistré concernant la dépense précitée;
- une copie de l'annonce elle-même ou de son contenu, si elle a été faite à la télévision ou à la radio, avec indication que l'agent officiel l'a autorisée;
- le document précisant la ou les dates de présentation de l'annonce destinée à promouvoir le candidat;
- le document précisant la date à laquelle, en votre qualité d'agent officiel, vous avez autorisé l'engagement de cette dépense.

Je tiens à vous informer qu'en vertu des alinéas 497(1)*u*.1) et 497(3)*r*.1) de la Loi, l'agent officiel qui omet de se conformer à un ordre du directeur général des élections donné sous le régime du paragraphe 451(2.2) commet une infraction.

J'attire également votre attention sur le paragraphe 463(2) de la *Loi électorale du Canada*, qui énonce que le candidat élu qui omet de produire un document conformément à l'article 451 de la Loi ne peut continuer à siéger et à voter à titre de député à la Chambre des communes jusqu'à ce qu'il ait remédié à son omission.

De plus, le dernier versement du remboursement des dépenses électorales ne pourra être effectué conformément à l'article 465 de la Loi tant que les documents demandés n'auront pas été soumis.

Pour de plus amples renseignements, n'hésitez pas à communiquer avec Suzanne Evans ou Manon Hamel au 1-800-267-7360, ou par télécopieur au 1-888-523-9333.

Je vous prie d'agréer, Madame, l'expression de mes sentiments les meilleurs.

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Ann O'Grady, CMA

Dear Ms. Hamel,

Please find enclosed a package of information to support the invoice submitted to the campaign of Andrea Paine by the Conservative Fund Canada with the following description "2005-2006 Candidate share of media amount" as per the Elections Canada letter of November 29, 2006.

The information that is enclosed to support the candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Party, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Please note that the Candidate and I fully approved our participation in this media buy at the time the advertising was carried out.

Yours truly,

Official Agent

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Ann O'Grady, CMA
Chief Financial Officer

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Ann O'Grady, CMA

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

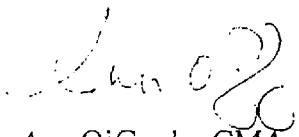

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of a letter from Retail Media regarding the relationship between Retail Media and the Conservative Party of Canada.
- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Dear Ms. Hamel

Re: Relationship between RMI and the Conservative Party of Canada

This is to confirm that Retail Media is the supplier/agency of record for the media buys made by the Conservative Party of Canada and the official agents for participating Conservative candidates in the 39th Federal Election that took place in November 2005 to January 2006, and that we mutually entered into an agreement to provide media buys. I also confirm that the media buy was broken down into 4 segments as follows:

- Media Buy – Rest of Canada (excluding Quebec) – Registered Party
- Media Buy – Participating Candidates
- Media Buy – Quebec – Registered Party
- Media Buy – Quebec – Participating Candidates

I further confirm that:

- Advertising buys for the national party were segregated from advertising buys for participating candidates. Retail Media was advised of which Conservative Candidates were interested in participating in additional regional media buys.
- Appropriate regional markets were identified for all participating candidates and specific media buys purchased in those markets.
- Appropriate tag lines were used in all advertisements identifying on whose behalf the advertisement was authorized.
- Appropriate invoices reflecting goods and services rendered were separately issued to participating Conservative Candidates and to the registered party based on the 4 segments identified.

Yours sincerely

Andrew Kumpf

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Dear Ms. Hamel,

Please find enclosed a package of information to support the invoice submitted to the campaign of ROBERT CAMPBELL by the Conservative Fund Canada with the following description "2005-2006 Candidate share of media amount" as per the Elections Canada letter of November 29, 2006.

The information that is enclosed to support the candidate's media buy includes:

- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Party, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Please note that the Candidate and I fully approved our participation in this media buy at the time the advertising was carried out.

Yours truly,

S Cassaday

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

It is my understanding that in relation to your recent inquiries made to a number of official agents for Conservative candidates for the 39th Federal Election concerning expenses paid and claimed as election expenses for media buys by the candidates, and given the impending deadline for a response by those official agents to EC of Monday, January 15, 2007 there continues to be an outstanding item that EC is requesting additional clarification upon. Specifically EC has requested a copy of a contract or other written document between the candidate and the media buying agency and the registered party.

It should be noted that there is no single contractual document between the registered party or the candidates and the supplier that speaks to the arrangements of the regional media buy. There are a number of different documents, many of which have already been provided to EC as part of the response package that official agents have or will be sending in response to your inquiry. However in the interest of fully co-operating with EC and the official agents to get the inquiries satisfied, I am providing to you a letter from Mr. Andrew Krumpf, Vice President of Retail Media that details the contractual obligations between it and the Conservative Party and the participating candidates for the media buys for this election.

I trust that this additional information will meet with your satisfaction. In addition, the bank wire instructions provided by the official agent to the registered party approving payment of the Conservative Fund Canada invoice to the official agent for the media buy, both of which have been provided to EC as part of the response package, speaks to the approval of the media buy services received and is indicative of an agreement by the official agent for the provision of these regional media buys.

Dear Ms Hamel,

Re: Media Buy and Associated Production costs for the Candidates' Media Buy Program

This letter is further to our telephone discussion of December 6, 2006 between you and Ms. Janice Vezina for Elections Canada and Ms. Susan Kehoe and myself on behalf of the Conservative Fund Canada (Fund). In that conversation the Fund committed to providing an explanation of the above noted program and samples of the documentation available for review in order to assist Election Canada in understanding certain candidates' election returns. Please find the said explanation and details below.

In relation to the 39th Federal Election the Conservative Fund Canada, chief agent for the Conservative Party, facilitated candidate "regional" media buys with Retail Media, the advertiser for the program, for those candidate campaigns interested in obtaining media exposure in the radio and/or TV market in their local areas. There were 68 candidate campaigns that chose to participate across the country.

For each candidate campaign that chose to participate in the program, the media buy firm determined what radio and TV markets were most effective in targeting the specific candidate's audiences and purchased time on those radio and TV stations. Advertisements were provided to the advertiser with the appropriate message tag line, indicating that the message was authorized by the Official Agents for the Conservative Party Candidate in the particular riding(s). Costs were calculated by Retail Media by individual campaigns based on the advertising performed and invoiced to the Conservative Candidates at the Conservative Party national office.

As is the practice in media buys during an election where time is of the essence, those buys must be paid for in advance. Given the number of candidate campaigns that participated in the candidate media buy program and the timeliness of payment required in order to book the purchase of radio and TV time, the Conservative Fund facilitated the process by rendering payment to Retail Media as intermediary and subsequently charged each of the campaign for their respective media buy and the associated allocation of

production costs. These are the invoices that Elections Canada is being presented by the candidates' official agents to support their media buy during the writ.

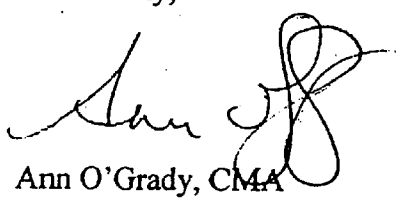

There was a total of $1.2M of regional media buy specifically for Conservative candidates across Canada and $121K of production costs involved in this project.

The information that is enclosed to support a candidate's media buy includes:

- A copy of a letter from Retail Media regarding the relationship between Retail Media and the Conservative Party of Canada.
- A copy of the time schedule for both the TV and radio advertisements (where applicable). This document, prepared by Retail Media and forwarded to the Conservative Fund, details what market was targeted, the date and time of the advertisement and the ad placed.
- Reference material provided by Retail Media at the time which indicated those candidates whose riding areas benefited from advertisement in a specific market.
- A copy of the invoice from Retail Media for the candidate's campaign media buy itself.
- Bank wire instructions from each campaign in which the official agent for the candidate authorizes the payment of the Conservative Fund Canada invoice received by the candidate.
- A copy of the advertisement as obtained from Retail Media with the tag line used.

Given no additional instruction, I trust that this information will enable Elections Canada officials in understanding the candidates' participation in the program and in verifying the validity of the charge that the candidate is claiming on their Candidate Return. Should you require additional assistance from the registered party, please do not hesitate to contact me at (613) 755-2004.

Yours truly,

Ann O'Grady, CMA

April 12, 2007

Mr Marc Mayrand
Chief Electoral Officer
Elections Canada
257 Slater Street
Ottawa, Ontario K1A 0M6

Dear Mr Mayrand:

Re: Candidate Media Buy
Conservative Party of Canada / Parti conservateur du Canada

Thank you for meeting with Mr. Lepsoe, Ms. O'Grady and myself yesterday. I congratulate you again on your recent appointment to Elections Canada.

I also thank you for reviewing the outstanding issues on candidates' election returns from the January 2006 general election, which are delaying the issuance of reimbursements to a number of candidates of the Conservative Party (the "Party"). You will appreciate that some 15 months after the election and in a minority Parliament, this delay is becoming serious in many ridings since in many cases it may be preventing them from budgeting for a possibly imminent election.

I write to follow-up in particular on the issue of the candidate regional media buys ("RMBs"), which seems to be the principal outstanding issue which is delaying the issuance of reimbursements to a number of candidates.

I gather that there is no doubt about the following facts, which were set out in Ms O'Grady's letter to Manon Hamel of March 6, 2007:

- The ads in question ran during the writ period
- The ads were paid for by various local campaigns
- Wherever a local campaign contributed to the cost of an ad, it was broadcast at least in part in that electoral district
- The participating local campaigns who contributed to the cost of the ads were identified in the broadcast of the ad
- Each participating campaign paid a substantial, i.e., more than nominal, share of the costs of the ads

I would note that a great deal of other supporting information has been provided.

If I understand correctly from our meeting yesterday, your principal remaining concern is not the characterization of an RMB as an election expense by the group of candidates – it clearly is. Nor is it that the total costs of the RMBs were not fully claimed as an election

130, rue Albert, bureau 1720 · 1720 - 130 Albert Street · Ottawa, Canada K1P 5G4

expense – they were. Rather, your concern is principally the basis used to share RMB expenses amongst each campaign within the group. Specifically I understood it is the lack of a demonstrable scientific basis to apportion the costs that you find troublesome and the fact in particular that seemingly the same "basket of goods", i.e., a given regional advertising campaign, has in effect a different value on different candidate returns.

As explained yesterday there is no scientific data available on a riding by riding basis that can clearly identify the benefits accruing to each candidate from a regional media buy covering several candidates. To the best of our knowledge and based on the information provided by the media buy supplier, such a riding by riding breakdown does not exist -- it is after all a regional buy. As such, other less scientific bases must be used to allocate a shared cost. There are a number of potential alternatives - some demographic characteristics such a population or geographic size, audience reach of the ad buy by market segmentation, some other definition of benefit received or perhaps equal apportioning are presumably all possible.

In this case, the basis of allocation used was essentially the candidate's relative commitment to the group buy. Simply stated, the greater the overall commitment, the larger the possible ad buy, the greater the overall benefit.

When candidates were invited to participate in the concept of a regional media buy each of their campaigns generally indicated a level of financial participation that they would undertake. These commitment levels were then provided to the media buy supplier to determine the group market area and what combination of TV and radio in what markets was best to target the region in which each participating candidate's audience laid. So for example, in a specific region 5 candidates may have indicated a desire to participate in the regional media buy and were prepared in total to spend say $100,000 but different amounts per candidate. The media buy supplier determined what combination of TV and/or radio ads on what stations would reach that targeted market and booked those ad spots under the Conservative Candidates' banner. When the actual cost of that regional media buy was determined by the media buy supplier for that market buy to be say $98,000, it then became necessary to apportion the cost to the individual candidates participating within that media buy and the basis of allocation used was pro-rata based on commitment level. Therefore if 4 of the 5 candidates made initial commitments of $15,000 each and the 5th candidate was $40,000 then the actual costs were allocated 15% to 4 and 40% to the 5th.

When a candidate campaign pulled out of the buy program, then their commitment was removed from the overall group media buy and the resulting TV and radio buy reduced. In other words, the candidate regional media buy would not have taken place had candidates chosen not to participate.

By definition, fair market value is the price that a buyer is willing to pay and a seller is willing to sell. As noted, each candidate paid a meaningful price that was not a nominal value. Each candidate received a bona fide and attributable service for their participation.

Each candidate campaign was identified on the tag. The total group buy was fully claimed as an election expense by the candidates.

Respectfully, I suggest that it is not up to Elections Canada to pass judgment on whether the candidate's strategy to use a regional media buy is appropriate, or on the amount spent on such strategy. That decision belongs to the candidate's campaign team and authorized by the official agent, provided the overall spending of the candidate remains within their election expense limit. Elections Canada has been provided proof of the official agent's approval in every case.

I note that all of these expenses were reviewed by auditors for the national party and for every campaign and they all accepted that the basis of allocation was not unreasonable. Again I respectfully suggest that it is not up to Elections Canada to determine whether one method of allocation of shared costs is more reasonable than another – the allocation basis has been decided upon, it has been deemed reasonable by auditors and the matter should be over.

Another concern mentioned yesterday was the timing of the RMBs. A review of the documentation indicates that the organization of the RMBs took place during the weeks of December 6 and 12, 2005. At that time, i.e., at the outset of the election, the individual campaign commitment levels were determined. The final schedule of ads to be covered as part of the RMBs was provided by the media supplier by Monday, December 19, 2005. In other words, the RMB was entirely structured at the outset of the campaign as supported by the documentation submitted – it was certainly not a retroactive re-allocation of costs.

It was also mention yesterday that there were transfers from the national Party to candidate campaigns. These transfers are clearly permitted by the Act. It is my understanding that a national party is free to fund 100% of the costs of a local campaign, indeed of all 308 local campaigns, if it so wishes. I am therefore unaware of the relevance of your concern that the Conservative Party, like many parties I expect, provided some transfers of funds to some local campaigns.

In conclusion, I cannot help but note that Elections Canada, in this case, seems to be potentially retrospectively departing from two fundamental and very longstanding practices which presumably applied in the past to all parties. First, wherever an allocation issue arises not specifically provided for in the Act, the practice has been that any reasonable basis will be accepted. This means that different people may have different approaches, but as long as reasonable approaches are used in a given situation, all are acceptable. Second, given that all election advertising generally promotes a party and its candidates (and indeed of course, in our system ultimately a ballot must be cast for a particular candidate, not a party), the test for whether a given advertisement carried in a riding is a "candidate" or "party" expense is two-fold: who paid for it, and whose agent authorized it and is so named -- i.e, advertising paid for by local campaigns and so indicated, is an expense of those campaigns and not of the national party, regardless of "local" or "national" content.

If you are indeed suggesting a departure from these practices, the implications are profound indeed. Apart from the problems raised by retrospective application, on a go forward basis, such a departure would essentially require Elections Canada to provide an infinite number of advance rulings on a continuous basis to all parties and candidates throughout an election campaign. I cannot imagine how this would be workable.

Finally, I wish to advise you that you will receive the release forms signed by the candidates authorizing Elections Canada to discuss campaign filings with the National Party under separate cover shortly.

Thank you Mr. Mayrand for the opportunity to address your concerns as indicated in the meeting and I look forward to continuing an open and constructive dialogue on this or any other matter in the future.

Sincerely,

Susan J. Kehoe
Interim Executive Director
Conservative Party of Canada

Auditors' Report

Conservative Fund Canada
Chief Agent
Conservative Party of Canada

We have audited the Registered Party Return in Respect of General Election Expenses ("the Return") incurred by the Conservative Fund Canada for the January 23, 2006 federal election. Our audit was designed to enable us to report as required under Section 430 (1) of the Canada Elections Act. This Return is the responsibility of the management of the Conservative Fund Canada. Our responsibility is to express a opinion on this Return based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial information is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial information. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial information.

In our opinion, the Registered Party Return in Respect of General Election Expenses presents fairly, in all material respects, the information contained in the financial records on which the Return is based, in accordance with Section 430 (1) of the Canada Elections Act.

Byng: Below are the steps that will be followed. The amount of money to be wired from the OA's account for payment of the invoice for that candidate will be identical to the amount transferred to the OA. Please so advise each of the OA's concerned. Thanks so much.

The administrative steps will be:

1. The Fund will invoice the official agent for the candidate for the media buy and forward by email/fax a copy of the invoice to the official agent. **To be done by Ottawa office.**

2. Simultaneously, the official agent will complete the bank wire instruction template, sign the form and fax the completed and signed form to Hanh Tran in the Finance Department of the Conservative Fund Canada at 613-755-2017. The Fund will insert the invoice # and the amount, if not already done by the official agent, and fax the bank wire instructions to the fax number of the bank where the official agent maintains the candidate's bank account. **To be done by official agent.**

3. The Fund will prepare a bank wire transferring money from the Fund's bank account into the Candidate's bank account from the information received in Step 2. **To be done by Ottawa office.**

4. Hanh will transfer the monies into the candidate's account on a specific day and will then fax the bank wire to the candidate's bank to have them transfer the monies into the Fund's bank account to pay the invoice on the same day. **To be done by Ottawa office.**

Note that no monies will be transferred from the Fund to the Candidate to pay for this invoice until the Fund has received a signed and completed bank wire instruction form from the official agent. Also note that payment must be made to the supplier on January 2, 2006 therefore it is necessary to have this exchange of monies completed by that date as well.

All inquiries relating to the bank instructions and Media Buy invoices should be directed to Hanh Tran at 613-755-2009 or hanhtran@conservative.ca

Hello Guys, Attached are the documents that need signatures and filing for Official Agents. The total is $7,712.92. You can call me with any questions you may have. I have also attached below an outline of how the transfer will be done and details from our CFO on how to record this on your books/filings. Having gone through all the documents now, I have realized *this is a transfer in and then back out, same day.* You will still be able to use the 60% you will get back from this amount after filing election expenses in whatever way your team desires (pay off election debt or use towards credit). **There is a deadline of tomorrow on this.** If you can have this faxed today, that would be great! I am still trying to leverage additional funds for your campaigns from other sources (i.e.. HQ/Alberta/Western Ridings). *Please confirm with me that you have received and sent off this form.*

following is the process to be followed. Please transmit this to each of the Official Agents concerned as well. The invoice will for each candidate will be in the amount as indicated in my preceding e-mail. The transfer will be in the same amount. Therefore, as agreed there will be not net cost or cash flow impact. The paid invoice can be included in paid election expenses subject to the 60% rebate that the candidate gets to keep. Subject: Media Buy Question from official agents

It would appear that a point of question coming forth from the official agents on a recurring basis is how do they treat the monies being forwarded to them by the National Party on their books.

It is to be recorded as a Transfer from the Registered Party and will be recorded on Part 2H of the Candidate's Electoral Campaign Return in the Statement of Transfers Received [451(2)(j)] in column 1 "Monetary" under Registered Party.

The paid invoices will be recorded in Part 3A, the Statement of Electoral Campaign Expenses [451(2)(a) and (b)] under column 1 "Advertising – Radio/TV".

Dear Ms. Hamel

Re: Relationship between RMI and the Conservative Party of Canada

This is to confirm that Retail Media is the supplier/agency of record for the media buys made by the Conservative Party of Canada and the official agents for participating Conservative candidates in the 39th Federal Election that took place in November 2005 to January 2006, and that we mutually entered into an agreement to provide media buys. I also confirm that the media buy was broken down into 4 segments as follows:

- Media Buy – Rest of Canada (excluding Quebec) – Registered Party
- Media Buy – Participating Candidates
- Media Buy – Quebec – Registered Party
- Media Buy – Quebec – Participating Candidates

I further confirm that:

- Advertising buys for the national party were segregated from advertising buys for participating candidates. Retail Media was advised of which Conservative Candidates were interested in participating in additional regional media buys.
- Appropriate regional markets were identified for all participating candidates and specific media buys purchased in those markets.
- Appropriate tag lines were used in all advertisements identifying on whose behalf the advertisement was authorized.
- Appropriate invoices reflecting goods and services rendered were separately issued to participating Conservative Candidates and to the registered party based on the 4 segments identified.

Yours sincerely

Andrew Kumpf

Linda and Giovanni - Thank you for this.

I am okay with invoice # 1101868-1 in the amount of $632,809.77. ✓
*****
There are 4 invoices with respect to the Quebec PDF file that need corrections. They are:

1) 1101868-2 in the amount of $158,579.00 - Should be addressed to "The Conservative Fund Canada" and not the official agent. This is for the portion of the Quebec Media buy that went under the National trailer.

2) 1101868-18 - Candidate should be Suzanne Courville, not Sarah Berger. ✓

3) 1101868-12 - Candidate should be Yves Laberge, not Henri Gagnon. ✓

4) 1101868-6 - Candidate should be Luc Harvey, not Josee Vernier. ✓

Can you please make the corrections and issue these 4 again.
*****
The total amount of the media buy on Inv# 1101868 represents both the December and January media buys. We have already been invoiced and paid the December portion of the media buy on Inv# 1101867 in the amount of $2,934,600. The January media buy should now be in the amount of $3,631.890 so you will need to adjust the amount of invoice #1101868. ✓

I have forwarded an email from Andrew that confirms the breakdown of the total media buy.

Chan - do not print these invoices. I will send the right ones downstairs for processing and for the purposes of preparing the bank wire tomorrow.

Perry, I've had a chance to discuss the issue with David and Ray. While our thinking is that this option would be legal we are not certain of this beyond all reasonable doubt. Therefore, with your permission we'd like to contact the Broadcast Arbitrator first thing this morning and enquire.

Based on information in the most recent Broadcasting Guidelines, RMI is solely listed as the purchasing agent for the Conservative Party of Canada. However, there is nothing written in the Guidelines that states that a representative within and of the Party itself cannot purchase media weight on a local and or regional basis for his/their own advertising. If this was acceptable then a local candidate or his representative should be able to book insertions, outdoor, broadcast, transit, etc.

From our standpoint this would be the most preferable option. The massive logistics of RMI handling widespread local-based media is not something that we could entertain at this late date. The coordination involved in this type of project is something that we would have needed a good deal of advance time to prepare for.

Please respond, and if okay, we'll phone first thing this morning to get an answer for you asap.

Andrew

I am NOT going through a gazillion e-mails on this for something that ALL clients knew would not be 'to the penny' accurate right from the beginning. As per Marie (below), the TV dollars are good. As per discussion with Bobby, Pat & myself, the radio dollars are good. As per my understanding of how dollars would fluctuate between 'candidate' and 'party', the breakout looks reasonable & tolerable. *Therefore, once we resolve the CBS radio proof of performance issue we are done.* At that point we will have a total $ spend. I **NEED** that amount tomorrow to supply to Perry as PERRY IS OUR CLIENT, not Kehoe. We'll get the info to Perry first... then if he (or Kehoe once she receives the info later) wants/needs the info on where party vs candidate is up or down we'll dig it up and supply at that time.

I've checked the before and after estimates for Television and can find nothing obviously wrong. As far as I can tell, the dollars are where they should be based on our final bookings.

The differences between estimate and client billing will be addressed by Andrew.

Perry Miele has received approval from the Campaign Director to incur an incremental radio media buy in the amount of $400,000 (GST included). You are therefore authorized to proceed with his instructions up to that amount.

Received a call from Irving Gerstein. Two issues:

They may be spending up to their legal limit on this campaign. We are to verify any additional requests for spending with him before they are actioned. (I assured him that we wouldn't be spending a nickel without payment from him anyway).

They also are thinking of "switching" some of the time over to the ridings. It sounded like the reason was to legally maximize advertising expenditures. This follows our preliminary conversations with Perry. Apparently I will get a call from Mike Donnison and Susan Kehoe. Details are sketchy and I not sure how national or regional tv could constitute a riding expense unless all the ridings in a region pooled expenses. I also re-iterated that we need payment from the party only.

I let you know as details become clearer.

Please see negative response below from the CBC election sales representative regarding our request to change the current booking over to the "Candidates". Please note that this is for a paltry CBC Atlantic booking but nonetheless may be an indication of what we can expect from SRC (ie, the French CBC) and possibly some of the other broadcasters come Monday after a more extensive review of our request.

I am uncertain as to their understanding of the legality of the situation or indeed whether it is a CBC-only directive based on being a crown corporation.

I can and will respond to CBC upon receipt of your input but would request that any specific wording necessary (that for legal reasons should be included) is provided. Please advise.

Hi Erin,

We do not accept buys from individual candidates during the Federal Election as part of the rules imposed upon us as the National Broadcaster. You, as the registered party, must buy on behalf of the candidates.
Secondly, the creative material that you issue must be authorized by the Conservative Party. Please make sure that new Conservative party ads are tagged as Authorized by the Registered agent of the Conservative Party of Canada, not authorized by the Official Agent for Conservative Party Candidates

So my conclusion is: Keep the contracts under the Conservative Party of Canada and send in material with a tag "Authorized by the Registered Agent of the Conservative Party of Canada".

I will be out of the office on Monday and Tuesday. If you still need clarification on this matter Mike Darley will be available on Tuesday for further clarification.

Hello Janice,

As the designated purchasing agent for the Conservative Party of Canada we need to shift dollars from the currently placed statutory paid time allotment and replace these dollars under "The Official Agents for Conservative Party Candidates". As such, this time is not part of the Party's statutory allotted time.

This in no way changes the overall commitment we as agents have made on behalf of our clients.

The amount that will be cancelled from "The Conservative Party of Canada" and rebooked under "The Official Agents for Conservative Party Candidates" is as follows:

Station:CBCA
Current Booking:$3474.00
Amount to be transferred from "The Conservative Party of Canada" to "The Official Agents for Conservative Party Candidates".:$3474.00

If the total amount is being split rather than being completely transferred to the new advertiser name, we will require two separate contracts
and two separate affidavits under the appropriate names. Pease apply the payments we have already made accordingly.

Thank you for your assistance in this matter.

These confirmations were received by RMI on Dec 12 & 14, 2005, subsequent to bookings placed between buyers and yourself. As per our phone conversation, here is what I've been advised. I can only accept bookings placed for "The Conservative Party of Canada". Only recognized parties are protected by the Elections Canada Act, anything booked outside of this name is considered advocacy advertising which we won't accept.
I have 3 contracts currently booked as The Official Agents for the Conservative Party Candidates beginning w/o Dec 26, 2005 (CBOFT #3245, CBOFT #3246, CBVT # 3871) which I will need to either change to The Conservative Party of Canada or else cancel, as well as the booking below. We expect more responses this morning after the stations have reviewed in detail. Apart from CBC, so far only CTV has responded back verbally stating that they had sent our request to their lawyers for review. I will update asap on other stations as known.

Andrew: Other than this re-allocation confirmation that we received from you on Friday and the one subsequent e-mail indicating some difficulties you were experiencing with CBC over this, the campaign really needs to know what the status is on this. Have the other networks and broadcasters responded? Are there any problems other than the one with the CBC?

If however, you have already communicated further directly with Doug Finley on this matter then please just let me know and advice me of any update.

Our official dealings in this matter have got to be through you as our designated agent and therefore we have to depend on you working with our advertising group in this matter.

Please provide me with an update as soon as you can. Thank you

We have been informed by TVA, the #1 television broadcaster in Quebec, that changing over contracts is not a problem. The only concern they have is with spots that have already run. As these have aired, the choice is to leave them as they are or "credit spots that have already aired off of the original contracts, and then add them to the new contracts as a billing "adjustment" line with a description." Unless otherwise instructed, I will inform them to initiate the latter.

1) We need a new cpc to keep it separate and for reconciliation.
2) Can the suppliers apply whatever payment they have recieved to the two campaigns? Otherwise they will need to give us a refund for one and we will issue another cheque. Since we are the only one paying, they should be able to transfer the funds internally.

>>> Andrew Kumpf 12/12/05 01:00pm >>>
1. We are getting station confirmations that this is okay and as we complete the shifting we will inform as to $ amount by station.

2. Again, once completed, I will set up a chart detailing the $ shift.

3. Do we need a new cpc opened for this?

4. Also, the cheque situation going forward is straightforward (as we will outline the "candidate" portion) however, what about where we've already paid and it is now transferred. Frankly, the reason we need to know this is if the sales reps ask us...

We have just received a fax from SRC (the Francophone CBC) that shows our booking having been changed to reflect the new title. This is a great relief as they will account for approximately 15-20% of our TV investment in Quebec.

The only negative response received then is on CBC in Atlantic Canada for the relatively miniscule booking amount of $3,474. It's your call of course but I suggest for your consideration that we let this one lie as it appears that SRC and CBC, which for all intents and purposes are one company, never checked in with each other to see what the other was doing. If we go after CBC on the $3K then we may run the risk of having SRC pull back from their current decision... and as stated, we have a lot more invested with SRC (roughly $80-100,000).

Please let me know your decision.

Everything is fine. Once Rene took me through this it was understood that it is just a matter of semantics (i.e., the 2 different responses). Having said that, both Rene and I came to the conclusion that the next time around a little more expressed clarity would be welcomed.

As per my (voicemail) discussions with both of you, I am still awaiting an answer as to whether and why the CBC has changed its policy in mid-stream and is now allowing candidate as well as party advertising for this election. As I have been awaiting an answer for 5 working days I need to clarify this very shortly.

After being refused a broadcast purchase(s) in this manner previously I am quite perplexed as to why this prohibition would suddenly be lifted. Hopefully you realize that when initially refused the matter had to be taken up with the client and their legal representation. This was a subject that left a bad taste in the mouth of all involved and was only prevented from escalation at that time by calm reasoning and additionally some assurances from myself to the client that the media buy would not suffer due to this decision.

The final one that looks applicable is St. Hyacinthe-Bagot. The eastern portion (near Acton area & slightly beyond) gets some Sherbrooke TV viewership and some limited radio limited from Sherbrooke & QC as well.

That leaves us 1 shy. I am not sure where to turn to on this.

>>> "Mike Donison" <mikedonison@conservative.ca> 12/14/05 04:14pm >>>
Andrew: We need another 8 ridings on top of the 18 you have chosen. Which are the next 8 ridings or so that would be most likely to receive any of these ads- we should go with them.

Are you able to say which specific ridings and if not- please let me know and I will check with our Quebec team.

My request to Andrew was that given that there are a potential 67 Quebec ridings that would benefit from our media broadcast was he able to tell me who the biggest beneficiaries of the buy. He came back with:

Quebec City TV - 8 ridings
Gatineau area TV - 3 ridings
Sherbrooke TV - 7 ridings
Radio - 15 ridings

This brings the $800,000 Quebec buy down to 18 ridings for TV and 15 ridings for radio of which only 1 is not in the TV buy. Therefore if one assumes 18 ridings to share the $800,000 buy is it unreasonable to assume that a media buy of $45,000 is too rich for any one ridings limit?

Also, Montreal - English radio is on our plan. Therefore, we could include any of the urban/central ridings for Montreal this but if there were Anglophone-centric ridings you know of then it would be best if these, and these specifically, were utilized.

Susan, Quebec as follows:

For TV portion (note regional network usage would get a rotation of these)>

QC TV- Quebec, Charlesbourg-Haute-Saint Charles, Louis Hebert, Louis Saint Laurent, Beauport Limilou, Portneuf-Jacques Cartier, Levis-Bellechasse, Lotbiniere-Chutes de la Chaudiere
(note: if needed $-wise could include Montmorency-Charlevoix-Haute-Cote Nord and possibly Beauce as northern portion of latter riding will get QC signal)

OTF TV- Hull-Alymer, Gatineau, Pontiac
(note: if needed could use Laurentides-Labelle for western portion which will get some viewership)

SHER TV- Sherbrooke, Compton-Stanstead, Brome-Missisquoi, Shefford, Richmond-Arthabaska, Drummond, Megantic-L'Erable

For Radio portion (note some of these are duplicates of above)>

Charlesbourg-Haute-Saint Charles, Louis Hebert, Louis Saint Laurent, Beauport Limilou, Portneuf-Jacques Cartier, Hull-Alymer, Gatineau, Drummond, Beauce, Megantic-L'Erable, Sherbrooke, Compton-Stanstead, Brome-Missisquoi, Shefford, Richmond-Arthabaska

Andrew: Just so I fully understand- I am still to work with the column marked "Contribution" and that is what we will be billing each of these candidates- the amount in this column, despite the fact that the actual media buy for that region will be less?

I will assume that is the case, and that this is the final list. Please let me know otherwise. Thanks

Attached reflects NS addition (unfortunately only $3-4K could be used) as well as Wpg.

Please note: We had originally assigned regional Atlantic TV to 2-3 specific markets. If desired, you can re-allocate some of these dollars on a riding basis to put toward Halifax area (ie, to include them on the commercial). Therefore, spreading around the contributions so TV exposure includes more ridings. But the sum total of TV dollars listed for NS/NB/PEI Atlantic TV (not including Nfld; this must be kept separate) cannot exceed $35,328.19 (with gst).

Understood. Option B is the only recourse. David (upon his return tomorrow), Marilyn and myself will discuss the situation from the media buy perspective and see if there are any angles we can come up with.

Andrew

>>> "Mike Donison" <mikedonison@conservative.ca> 12/15/05 04:14pm >>>
Andrew: We have a problem. I have just received a call from Republik and Robert Beaudoin. They now tell us that the 25 candidates you have selected to assign the media buy to are the very campaigns in Quebec who are planning to spend most of their limit- and that at this point only 3 or 4 have indicated to the Quebec campaign that they have cap room and are therefore in a position to participate. Obviously, the initial media buy decisions made right at the beginning of the campaign have determined which candidates are on your list to participate. However, it is those very candidates, given that they are more targeted that expect to spend their limits.

I was faced with a decision from Republik. Option A was that they had until tomorrow morning to indicate to the broadcasters which candidates were included in this media buy to meet the scheduled broadcasting of these ads in Quebec. Obviously, there is no way this is going to get resolved by tomorrow. Beaudoin then told me there was an Option B which was to delay broadcast for a few days giving them until first thing Monday morning to provide the list of candidates.

In order to preserve our options here, I had no choice but to instruct that we proceed with Option B. We now have until Monday morning at the latest to see if we can straighten this out and come up with a solution.

Subject Re:

The Montreal South Shore could be attributed but we are planned for purchase of Montreal English radio and, as I told Susan, this will be roughly +$50K so you only need 2 or so ridings from Montreal area in total. With no TV planned I cannot add those riding $'s to the television roster as they will not be seen except on RDS and we need a solid viewing % to make this attribution legitimate. While RDS is good it is a specialty network... we really need the "home" Mtl stations involved in order for more ridings to be included. This would be off-target from plan but also would be d--- expensive as well as it is the most populous market in province.

>>> "Mike Donison" <mikedonison@conservative.ca> 12/15/05 06:28pm >>>
Andrew: I have been speaking to Paul Lepsoe. He has suggested that surely there are contiguous ridings that we could include on the list - for instance what about all the Montreal South shore? None of those campaigns can or will spend very much- and could make their caps available.

In any case, we are having a conference call with out Quebec team tomorrow morning at 9:30 for an update.

Thanks for all your creative help to date on this.

Based on the confirmed allocations that you have provided, there are three outstanding issues that we need clarification on in order to advise both our Official Agent for Broadcasting purposes and Republik through Robert Beaudoin today on the precise allocation and the participating candidates names to go on the authorizations.

(1) St. Hyacinthe-Bagot- this was also on the lists approved by our agent but was not included in your response list. Please contact them as soon as possible to get a commitment from them;

(2) We have a commitment from Montmagny-L'Islet but there is no candidate which makes this very problematic but we need to know the name by today;

(3) There were only two outright refusals- Beauce and Brome-Missisquoi. We have discussed and understand Beauce but what is with Brome? Why should they be allowed to just outright refuse?

The rest is coming together - thank you.

We have a further difficulty. For the radio ad buy there is a market allocation for the St. Georges De Beauce area. However, only the candidate in Beauce will benefit from this- it is not a case where we could simply shift the ad buy to other benefiting candidates in same market area. Therefore, Beauce will simply have to agree to pay for something on this radio ad. We are checking with our agent as to what amount of $ this would be.

By the way the amounts for each of the two PEI ridings are: $7902.49 each. Thanks

They cannot do that. They are committed. If these ads run- and they already have their authorization on them for those candidates- they my be hit with this as an election expense. You better read them the riot act on this. Thanks

Subject: "Candidate" Media

Perry, I want to detail the issues at hand for English Canada regarding the 'candidate' creative & media schedule. This is followed further down the e-mail by recommendations as to how we can possibly alleviate the situation. This is long and complicated... sorry about that... but the topic affords no other way of explanation.

Background>
* The 'candidate' creative was developed/issued Dec 15-16 for TV in order to immediately begin airing that weekend (as per conference call with Mike, David, etc.). However, our buy reverted to network/specialty the following week and over the holidays. Therefore, most TV funding must come from the January portion of the buy.
* The 'candidate' creative was developed/issued Dec 19-20 for radio; as aware, the media buy for English Canada only starts as of Jan 2nd. Thus, all radio funding is for January.
* In English Canada, there are 21 radio markets and 6 TV markets that are running 'candidate' creative.
* Of these, 11 of the radio markets are 4 of the TV markets are completely funded by this.
* My understanding is that ALL 7 radio commercials have already been produced in both 'party' and 'candidate' versions (...I am uncertain whether you have more spots you will be developing for radio).
* For TV only Anthem, Entitlements and Headlines has been created with 'candidate' versions (not yet Balloon or any further ones that may be in the offing).

Radio Specific>
* We have adjusted the buy so that 3 of the radio markets finish running 'candidate' after the week of Jan 9. Therefore, 3 of the markets will not need 'candidate' creative for the final week.
* Most of the other markets are 100% 'candidate' buys and so must run as such.
* The only way the remaining 7 markets (that air a combination of 'party' and 'candidate') can finish up with 'candidate' by the end of w/o Jan 9 is if we shift their week of Jan 16 weight to the preceding week. However, if we do so we will be light on the final week of the campaign.
* We can and are reducing the last weeks 'candidate' schedule for these particular markets to the absolute minimum number of stations possible (this doesn't help on production but may help on reducing distribution costs).

RADIO RECOMMENDATION>
* Going light in 7 markets during the last week doesn't seem like a viable alternative so the one recommendation is that these markets (and the ones that are 100% 'candidate') run only the existing creative. As stated, I am unsure whether you have plans for more radio spots than the 7 produced now but if not then we're covered. If you do, perhaps we could create future 'candidate' versions of only the 1 or 2 you wish to receive the heaviest of rotations? These could then air exclusively in the market or they could air in the market in conjunction with the 7 already made.

TV Specific>
* The 4 markets that are funded 100% by 'candidate' will have to air as such but please note that as regards TV this is a localized component of the buy and does NOT mean that all TV viewing in that area will be to these spots (i.e., national networks, some regionals, specialty stations, spill stations, etc., will be airing 'party' spots).
* The 2 markets that are running a combination of 'candidate' and 'party' creative feature a 'candidate' schedule that has been fine-tuned based on program costs and so runs throughout January. It has been limited to select stations (a portion of CFTO, Toronto One, Global, BCTV). Again, this does not account for all viewing in the area(s).

TV RECOMMENDATION>
* One feasible scenario is dependent upon your plans regarding future spots. If Entitlements and Headlines are to run throughout the remainder of the campaign, even at very limited weight levels (i.e.,

20% rotation for instance) then what we can do is in the 'candidate' markets run these exclusively. Any market that is 100% 'candidate' is a small market anyway with limited local spots and so the newer 'party' spots will be effectively seen through regional, network & specialty. To take it a step further, if Balloons is to be trafficked at only 20% then why make a version for these markets? The spot will be seen in-market through the network/specialty stations.

* For those specific stations (listed above) running 'candidate' in large markets, again, this is a portion of the buy for the market and with existing 'candidate' creative isolated to these stations we can run the newer creative on the remainder of their purchased schedule (i.e, 'party' media) and on all other stations getting into the market. Thus it becomes a matter of trafficking Entitlements and Headlines to these stations and reducing or eliminating their rotations on other stations.

* The other scenario concerns whether future spots are to air exclusively (i.e., Headlines & Entitlements are phased out completely at some point). If so, then new creative must have a 'candidate' version. However, we could limit the new creative 'candidate' version only to that creative which will have the biggest airplay. Again, if 1 or 2 spots are to air 80% then we create 'candidate' versions of these, but these only, as the lighter spots will be seen through network, etc.

I don't know how else we can approach this but it appears dependent upon how much future creative is to run. Possibly we're covered on radio but on TV not likely... if you could explain what the plans are for new TV creative the week of Jan 9 & Jan 16 then we could decide if the above points are feasible. In the meantime, I will review the 'candidate' allocated large market station schedules to see if any further adjustments can be made that will front-end load the 'candidate' buy.

Andrew

Subject: candidate media buys

Byng: As discussed with Bruce yesterday, I have had another conversation with our media buy folks and most importantly our broadcasting agent. Unfortunately, these ads are already running.

We received, through your good offices, solemn contractual commitments from Esquimalt and Nanaimo-Cowichan. The latter's actual buy is: $8089.20. Esquimalt's is $9999.15. With the latter, the ads are running now with the necessary authorization credit to the Official Agent for Troy.

This is why we canvassed this issue early in the campaign. We simply cannot have local candidates reneging in these cases. I am sorry, but how would these local campaigns feel if the Party and the Fund committed itself to them financially and then reneged?

Unfortunately, we simply cannot change these now. If they had tried to cancel out even as late as week ago, we might have been able to make the necessary ad changes- but it is too late now.
